Everyone has their own cabinet in the kitchen. The kitchen will be cleaned once a week, always on the same day. In order to make it possible to clean

the kitchen, the residents need to clean up the kitchen beforehand and take the trash to the containers themselves. Arrange to take turns for this!

### **Laundry**

### **Smoking ban**

In student houses there will be no smoking in communal rooms. Smoking is only permitted in the bedrooms, with the exception of smoking cannabis or other prohibited substances.

### **Conflicts**

In a dorm you live with a large group of people close together. In order to make this livable a number of agreements need to be respected. Most occurring annoyances: noise pollution (silence required after 11 p.m.), not doing the dishes, making a mess, taking someone else's food, not respecting rotation schedule, ignoring the no smoking rules, hogging the common places in the unit with your friends, ...

As cohabiting adults you are supposed to come to an arrangement by yourselves. Should this fail then you can ask Student Housing for advice. After consideration and if every reasonable attempt fails Student Housing can take measures; this can lead to immediate termination of the tenancy agreement.

**Have a nice stay! Respect your neighbors: no loud noise after 11 pm.**
