1. To sign up for the platform VICE (page 2-6)

2. Course calendar (page 6)

3. Files/powerpoints/online lessons and announcements (page 7)

4. Livestream sessions (page 8)
1. To sign up for the platform VICE

Go to ‘https://vice.uantwerpen.be/’

Fill in your email address (as user name) and password (vice9512).

Click on ‘aanmelden’
Change your password (as soon as possible): click in the right corner on the arrow next to your name

Click on ‘settings’
Click on ‘personal information’

Click on ‘change password’

Change your password and click on ‘submit’
Your password is now changed.

To go to the general menu: click on ‘welcome’ in the right corner

The red arrow in the screenshot below shows the different courses.

There are 7 different courses:

- VICE_CARDIO
- VICE_CRITICAL
- VICE_METABO
- VICE_ONCO
- VICE_RESPI
- VICE_PCVCHILD
- VICE_CAPITASELECTA

Three different specializations can be selected (you only have to use the specialization that you have chosen):

- VICE_INTERNALDISORDERS: specialization of internal disorders (KUL, UH, UA, UGhent, VUB)
- VICE_PAEDIATRICS: specialization of paediatrics (KUL, UH)
- VICE_ELDERLY: specialization of elderly (UGhent)
2. Course Calendar

You can find the course calendar in the above mentioned specialization courses.

Click on your chosen specialization course (example here is for the specialization course of internal disorders)

Go to ‘course tools’

Click on ‘course calendar’

Online lessons: the lessons are recorded by the lecturers beforehand and are uploaded in VICE. Afterwards, a Q&A moment (livestream via collaborate) is planned so you can ask your questions.

Collaborate lesson: You can follow the lesson (livestream via blackboard collaborate) by clicking on the link provided by the lecturer.
3. Files/powerpoints/online lessons and announcements

Example in VICE_METABO:

Click on the course ‘VICE_METABO’

You can see the announcements now

To see the files/powerpoints/online lessons:

Click on the arrow next to ‘files’ in the control panel (right side of the screen)
4. Livestream sessions

The link of the livestream sessions will be shared in the tool ‘announcements’ or will be mentioned in the course calendar.

These sessions will also be recorded.
